CONVENIENCE  
Garage Door Opener (HomeLink®)  
Front centre console refrigerator you can  
enjoy chilled drinks on your journey.  
Your journey begins when you want it to  
and how you want it to. Pre-heat or pre-  
cool the cabin from your phone, without  
starting the engine or getting in the vehicle.  
Located at the rear of the front centre  
console for row 2 passengers.  
The HomeLink® System is a universal  
transmitter fitted to the underside of the  
interior rear view mirror. This transmitter  
can be programmed to operate up to 3  
home or office wireless controlled systems,  
such as garage doors, automatic gates, or  
security lighting. By replacing the  
individual remote control units normally  
required for each system, the driver no  
longer needs to search the car interior for  
the correct handset when needed.
