The Porsche 718 Cayman GT4 is a sublime blend of precision and raw excitement. Its naturally aspirated 4.0L flat-six boasts 414hp, revving to 8,000rpm with a visceral roar. The six-speed manual is faultless—sharp, intuitive, and deeply engaging. The chassis is razor-sharp, offering confidence-inspiring grip and feedback, while the ride remains surprisingly composed. With its track-derived aerodynamics and balanced mid-engine layout, the GT4 demands commitment but rewards skill, delivering an exhilarating, analogue driving experience few modern sports cars can match.
